You just send us the digital pictures and we make the reels for you. Or we can make the 3D photos for you, just as you wish. Our fast service includes everything; the viewmaster viewers for viewing the reel(s) included. We produce from 1 to (approx.) 200 reels fast and in the highest possible quality. Everything is done by hand in our 3D Studio in Holland. Only because of this can we guarantee the best looking reels in the world! The resolution we use (1630 x 1260 pixels) is the highest and also the mounting of the pictures is done extremely accurately, for the best viewing experience. If you want to show quality, you use our reels and viewers. All our 3D viewers are checked thoroughly before sending them out.

Stickerlabel in full colour

Our custom reels are branded with a highres, full colour stickerlabel. The stickerlabel can show your artwork, logo, title and/or a small description for every 3D image on the reel. Or the pictures on the reel can simply be numbered from 1 to 7.

Below is a small summary of the possibilities and the costs. Prices are postage and taxes (21%) excluded, but to everyone outside Europe, or European business with a VAT-number, we can offer our products without the added taxes. Apart from this all costs for computerwork, materials, stickerlabel and developing film are included. Our handmade reels are of the highest possible quality and can be made relatively fast and fully according to your wishes. We produce your reels in a quantity from 1 up to 200. Normally turnaround time (without postage-time) is 2 to 3 weeks. We do rush-jobs also, when schedule allows for it. When needed we can use speed-post to get the goods to you lightning fast. We can also produce larger quantities of reels (over 200), for wich we provide you with a customized quote/offer.

The table below shows the costs for reels that contain the same 7 images. If you want to make 5 reels with all different pictures, the rate for 5 times 1 reel applies.

NUMBER OF CUSTOM VM REELS	COSTS PER REEL
1	60 euro
2	50 euro
3	40 euro
4 - 9	35 euro
10 - 25	30 euro
26 - 50	25 euro
51 - 200	20 euro

Viewers

Viewmaster viewers can be added to the order at 9 euros a piece (exc. VAT). Larger quantities have better prices. 5 to 10 viewers at 8 euros a piece. 11 to 25 viewers at 7,50 euros a piece. 26 to 50 viewers at 7 euros a piece. 51 to 100 viewers at 6,50 euros a piece. 101 to 250 viewers at 6 euros a piece. More than 250 viewers at 5,50 euro a piece. These are prices are only valid in conjunction with an order for viewmaster reels. Contact us about the colors we have in stock.

2D or 3D

Offcourse we are able to put your 2D pictures in a view-master reel. Better is 3D offcourse. Conversion from 2D to 3D is possible, yet time consuming and therefore costly. Also not every picture can be converted.

Easier is to add 3D elements into a 2D picture, like for example text or a logo.

3D photography

We can also make your 3D pictures on location. We have an hour-rate of 95 euros. Photography inside our own studio and post processing of images is done at 65 euros per hour.

Giftbox

We offer a sturdy, white carton box which will serve well as gift- or handout box, but can also be used to post viewers with reels. The box measures 150mm (length) x 100mm (width) x 80mm (height). Our standard viewers fit snugly inside. A viewmaster reel can be added inside the viewer, or in the box.

Option is to add a full colour sticker to the top of the box for branding.

Prices for boxes below are postage and taxes (21%) excluded. But to everyone outside Europe, or European business with a VAT-number, we can offer our products without the added taxes.

QUANTITY	COSTS PER BOX (tax and postage excluded)
1 to 9	2,25 euro
10 to 24	1,75 euro
25 to 99	1,50 euro
100 to 249	1,25 euro
250 to 499	1,10 euro

Options:

- Full color sticker (15,5 x 9,8 cm) on top of the box. Costs for a sticker are the same as costs for a box. So, a box with sticker is double the price mentioned above. This is ofcourse including fulfillment (folding boxes, applying stickers, putting reels in viewers, viewers in boxes etc.)
